

# DUAL-FACING AI CAMERA SYSTEM

Smarter. Safer. More Connected.

## Why the Samsara AI Camera?

Samsara's dual-facing AI dash camera provides real-time visibility and proactive safety alerts, helping you protect your drivers, lower claims, and reduce costs.

## Key Benefits

- **Dual-Facing View:** Records both driver behavior and road activity simultaneously.
- **AI-Driven Alerts:** Detects distracted driving, tailgating, and other high-risk behaviors.
- **Instant Cloud Access:** Automatically uploads and stores HD footage for claims and training.
- **Integrated GPS Tracking:** Syncs with your fleet management system for complete trip history.
- **Event-Based Video Retrieval:** Access footage on demand—no waiting, no manual downloads.
- **Coaching Tools:** Provides driver scorecards and performance insights to improve safety culture.

## Proven Results

- Up to 60% reduction in preventable accident
- Up to 70% decrease in safety-related claims
